

CTPAT
YOUR SUPPLY CHAIN'S STRONGEST LINK.

STATEMENT OF SUPPORT

NFI is a fully integrated North American supply chain solutions provider headquartered in Camden, N.J. Privately held by the Brown family since its inception in 1932. The company's business lines include dedicated transportation, distribution, brokerage, transportation management, port drayage, intermodal, globallogistics, and real estate.

The CTPAT is an optional program that seeks to safeguard the supply chain industry. NFI has been certified in the CTPAT program since 2011. The partnership implements security measures that do not affect the supply chain but helps to protect it.

NFI leaders and management are committed to supporting the security measures of the CTPAT program. In support of this program, the company is committed to the following:

- The administration of actions to address any insufficiencies that are recognized in the company's CTPAT programs;
- The administration of procedures and policies to assure that all of the company's locations are secure;
- The administration of procedures and policies to secure shipments of merchandise that are imported into the United States;
- Administrating trainings to company's employees in regards to CTPAT policies;
- Reviewing the company's CTPAT procedures and policies to make adjustments;
- Delivering a secure surrounding for employees and materials; and
- Informing the CBP and/or law enforcement of a supply chain security breach.

NFI's employees are critical to our CTPAT program and overall security of our company. We anticipate that all of our stakeholders will follow the policies and procedures implemented by NFI. Thank you for your participation.

Sincerely,
