Solutions Packaged to Perfection

MAXIMIZED CAPACITY

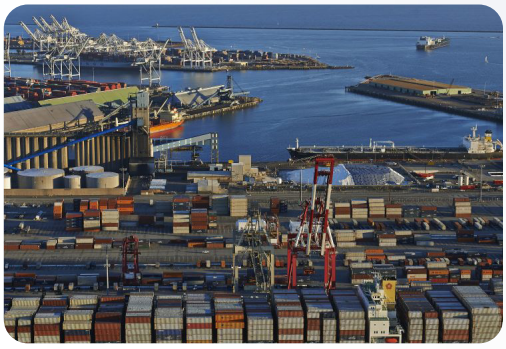
Fit more inventory into your existing footprint with NFI's network of over 70 million square feet of warehousing across North America. Our densification techniques optimize space, allowing for increased inventory capacity. With strategic racking and bulk storage solutions, consumer packaged goods customers maximize vertical space, saving on unnecessary capacity expenses and boosting operation efficiency for significant cost savings.

METICULOUS INVENTORY MANAGEMENT

Trust NFI for end-to-end product management. We prioritize product integrity with meticulous cycle counts, efficient handling of damaged goods and returns, and quick response to time-sensitive issues like recalls. Our high-volume distribution centers focus on reducing damage, enhancing quality, and optimizing inventory.

AGILE NETWORKS

Efficiently respond to demand fluctuations with our strategically located facilities and transportation terminals. Our agile approach allows for quick adjustments in inventory, resource allocation, and transportation routes ensuring products are readily available to customers within 1-2 days in most environments. NFI's 99.8% on-time delivery rate is one of the highest in the industry. Our array of services delivers consistently, keeping operations moving smoothly.



DEDICATED WORKFORCE

Leave the labor management to us. NFI warehouse employees, drivers, and support personnel are committed to providing world-class customer service within our facilities and on the road. Our campus locations enable you to redistribute personnel according to changing needs. Whether you seek an on-site dedicated team member or prefer a more collaborative approach, we accommodate your preferences.
